Abstract

The first question deals with Happiness. Will write more for final exam, this is just to test how it works. All of the write-ups will be subpar, as the purpose is first to get the hand of things.

Keywords: Multivariate GARCH, Kalman Filter, Copula

JEL classification L250, L100

1. Introduction

Write a short introduction of the question and what you will be doing

2. You can make this question 1a for e.g. or do some exploratory things

write what you're going to be doing

3. Here you can do the second part of your Question/Results

3.1. Subsection

Write down stuff here on your train of thought maybe

3.2. Another Subsection
